Dear Class of 2016,

As the time draws near, EdCom wants to ensure that you have all of the computer accounts and tools necessary to begin medical school.

To recap, here are action items from our previous email:

- Establish your UCSD Electronic Identity ([http://meded.ucsd.edu/index.cfm/asa/orientation/signon_and_login_information](http://meded.ucsd.edu/index.cfm/asa/orientation/signon_and_login_information))
- Check your UCSD Email to make sure it is working ([http://mail.ucsd.edu/](http://mail.ucsd.edu/))
- Make sure your laptop/tablet computer meets the Medical Student Computer Ownership Requirements ([http://meded.ucsd.edu/index.cfm/edcom/computer_requirement](http://meded.ucsd.edu/index.cfm/edcom/computer_requirement))

Here are the remaining computer-based activities we would like you to complete over the next several weeks:

- **Configure your laptop for the UCSD network environment.** Instructions for this 5-step process can be found at [http://meded.ucsd.edu/index.cfm/edcom/laptop_setup_for_new_users](http://meded.ucsd.edu/index.cfm/edcom/laptop_setup_for_new_users). Students who successfully complete this process will be excused from part 3 of the Educational Computing Orientation session, if they so choose.
- After attempting to configure your laptop, **complete the 9-question Educational Computing Orientation Survey by Monday, August 27, 2012 ([http://www.surveymonkey.com/s/NYF2WTF](http://www.surveymonkey.com/s/NYF2WTF)).** The results of this survey will help us in the planning of our orientation activities and the delivery of services during the school year.

As always, EdCom and SOM IT are available to assist you with any stage of this process.

Best regards,

Office of Educational Computing (**EdCom**)  
Division of Medical Education
