Summary of Skills – Neuro Exam

- Wash Hands
- Cranial Nerves:
  - CN 1 – assess smell
  - CN 2 – visual acuity, visual fields
  - CN 2 & 3 pupillary response to light
  - CN 3, 4, & 6 – extra-ocular movements
  - CN 5 sensory & motor face; corneal
  - CN7 – facial expression; close eyes
  - CN8 – hearing
  - CN 9 & 10 – gag, palate rise
  - CN 11 – neck turn/shoulder shrug
  - CN12 – tongue movement
- Motor testing:
  - muscle bulk
  - tone
  - strength of major groups – shoulders, elbows, wrists, hand, hips, knees, ankle
- Sensory testing - in distal lower & upper extremities:
  - pain
  - light touch
  - proprioception
  - vibration – 128 Hz tuning fork
- Reflexes
  - achilles
  - patellar
  - brachioradialis
  - biceps
  - triceps
  - Babinski assessment
- Coordination (finger→nose, heel→shin, rapid alternating finger movements)
- Gait, Romberg
- Wash Hands
